

AIT & DES Photoshop Skills

(repeat) PAIR of workshops – basics + more advanced skills
CN 7249

Led by specialist multimedia teacher and freelance publisher, Belinda Lux, this is A PAIR of WORKSHOPS designed to increase your familiarity and competence with the features of Photoshop. Take the opportunity for your learning needs to be met in a more individual way. Come and learn on Day 1, then go away and have a "play" before coming back on Day 2 with your questions!

Many of the tools, functions and processes used in Photoshop are similar to those used in GIMP or Corel PhotoPaint, for example. The skills you learn at these workshops would help you negotiate the other imaging applications that you may have at your school.

Free Photoshop trial for download and an application overview can be found at:
<https://www.adobe.com/cfusion/ttrc/index.cfm?product=photoshop&promoid=EBYEU&loc=en>

Monday 4th May AND Monday 11th May 4.00 — 6.00 pm
